

**RESOLUTION OF THE MINISTRY OF NATURAL RESOURCES AND  
ENVIRONMENTAL PROTECTION OF THE REPUBLIC OF BELARUS**

**August 17, 2006, No. 50**

**ON SAFETY REQUIREMENTS FOR CONTAINED USE SYSTEMS DURING  
PERFORMING WORKS OF THE FIRST RISK LEVEL OF  
GENETIC ENGINEERING ACTIVITIES**

(as amended by the Resolution of the Ministry of Natural Resources dated 05/31/2019 No 12)

Based on the paragraph 4 article 9 of the Law of the Republic of Belarus of January 9, 2006 N 96-3 “On Safety in Genetic Engineering Activity”, para. 9 of the Regulation on the Ministry of Natural Resources and Environmental Protection of the Republic of Belarus, approved by Decree of the Council of Ministers of the Republic of Belarus of June 20, 2013 N 503, the Ministry of Natural Resources and Environmental Protection of the Republic of Belarus **RESOLVES:**

(preamble as amended by the Act of the Ministry of Natural Resources and Environmental Protection dated by 05/31/2019 N 12)

To prescribe that:

works of the first risk level of genetic engineering activity in the contained systems (hereafter - works) should be carried out in isolated rooms excluding release of genetic engineered organisms into the environment. Premises, where works with genetic engineered plants are performed, should be located at the distance of no less than 300 m from nurseries, greenhouses, fields, where related plants species attributed to the same taxonomic genus of those plants which are used in works, are grown;

waste products of genetic engineered organisms, formed as a result of performing works, are neutralized by the method excluding preservation of viable spores, pollen, fruits or seeds, microorganisms in accordance with the procedure established by the legislation

(as amended by the Resolution of the Ministry of Natural Resources dated 05/31/2019 N 12)

Legal Entities and Individual Entrepreneurs engaged in genetic engineering activity of the first risk level of genetic engineering activity are obliged:

(as amended by the Resolution of the Ministry of Natural Resources dated 05/31/2019 N 12)

to ensure carrying out of works in accordance with the instructions on labor protection for work with non-pathogenic genetically engineered organisms, approved by Legal Entities and Individual Entrepreneurs engaged in genetic engineering activities of the first risk level;

(as amended by the Resolution of the Ministry of Natural Resources dated 05/31/2019 N 12)

to give instructions of safe work to workers, who perform the work.

(as amended by the Resolution of the Ministry of Natural Resources dated 05/31/2019 N 12)

Minister

L.I.Khoruzhik
