Sign In to the Management Centre

The Biosafety Clearing-House Management Center provides an electronic, web-based mechanism to register, update, delete or correct information. Registration of information through the Management Center of the Biosafety Clearing-House is restricted, and access to this section of the web site is reserved for the BCH National Focal Points and other authorized users.

If you have a BCH account and would like to use the Management Centre, please sign in now:

[Sign Up for a BCH Account](#)

If you don't have an account and you wish to register please request a user account.

[Forgot your password?](#)

If you have an account, but have forgotten your password, ask to have a new password sent to your official e-mail address.

Registered email address

Remember me

Password

Important

Type here your registered e-mail address and password and click "Sign in".

Note: tick "Remember me" if you wish to be automatically signed-in next time you visit the BCH

Any information submitted through the Management Centre will be made publicly available on the Biosafety Clearing-House website.

the objective is to make it publicly available.

Before your submission is made publicly available, it must be validated by the BCH national focal point or the Secretariat. You will be sent an email confirming when the information has been uploaded to the database. Should you notice any significant difference between your submission and the information made available on the web site, please contact the Secretariat immediately by email to bch@cbd.int.

Open-ended Online Expert Forum on Risk Assessment and Risk Management

Contents

- [What is the forum?](#)
- [Who can participate?](#)
- [When will it start?](#)
- [How will it work?](#)
- [Useful links](#)

By scrolling down the page, you will see the "Contents" section. Under this section, you may find some practical questions about the Forum.

Please click on the links to be re-directed to the answers to each item or scroll down the page.

What is the forum?

This is a virtual platform where experts will discuss the management of living modified organisms

The online forum is part of a continuous process established in [decision BS-IV/11](#) that comprises the following events: i) the establishment of an open-ended online forum, ii) discussion groups on specific topics, iii) two series of sub-regional real time conferences, and iv) two meetings of the Ad Hoc Technical Expert Group (AHTEG). The outcomes of the online discussion groups and real-time conferences will serve as one of the inputs of the deliberations by the AHTEG.

[Go to the top of the page](#)

Who can participate?

The online forum will be publicly accessible through the BCH, but posting will be restricted to registered participants. All nominations should be received by the Secretariat no later than Friday, 31 October 2008. There is no limit to the number of participants per country or organization taking part in the online forum.

Risk assessment and risk management of transgenic fish

Suggested points for discussion

1. How to apply [Annex III](#) when assessing the risks of transgenic fish;
2. Experience in conducting risk assessment of transgenic fish;
3. Difficulties in accessing or reviewing baseline information related to the recipient and parental organisms, receiving environment, environmental interaction, etc.;
4. Elements necessary to conduct risk assessments of transgenic fish;
5. Issues that are unique to this topic;
6. Recommendations for preparing risk assessment reports.

This section shows some points that may be considered during the discussions

Risk assessment and risk management of transgenic fish

Suggested points for discussion

1. How to apply [Annex III](#) when assessing the risks of transgenic fish;
2. Experience in conducting risk assessment of transgenic fish;
3. Difficulties in accessing or reviewing baseline information related to the recipient and parental organisms, receiving environment, environmental interaction, etc.;
4. Elements necessary to conduct risk assessments of transgenic fish;
5. Issues that are unique to this topic;
6. Recommendations for ~~preparing risk assessment reports~~

Selected readings

The following is a non-exhaustive list of suggested reading materials relevant to the discussion topics. The purpose of this list is to assist in the discussions. The views expressed therein do not reflect the views of the Secretariat.

Forum participants are invited to suggest new reading material by sending an email to riskassessment.forum@cbd.int and specifying the topic in which it should be included.

Index

- [Documents recommended by the COP-MOP for the AHTEG](#)
- [Risk assessment and risk management of transgenic fish](#)
- [Risk assessment and risk management of transgenic trees](#)
- [Risk assessment and risk management of transgenic microorganisms and viruses](#)
- [Risk assessment and risk management of transgenic pharmaplants](#)

In the "Selected readings" page the links in the index will guide you to different groups of documents.

Documents recommended by the COP-MOP for the AHTEG

- Report of the Asia Subregional Workshop on Capacity-Building and Exchange of Experiences on Risk Assessment and Risk Management of Living Modified Organisms, Kuala Lumpur, Malaysia, 7-9 April 2008. ([English](#))
- Report of the Latin America and the Caribbean Regional Workshop on Capacity-Building and Exchange of Experiences on Risk Assessment and Risk Management of Living Modified Organisms, Bridgetown, Barbados, 10-12 December 2007 ([English](#), [Spanish](#))

This is the end of this tutorial.

Thank you
