

# Legal Aspects of Implementing the Cartagena Protocol on Biosafety

COP-MOP 6  
Hyderabad, India  
October 2012

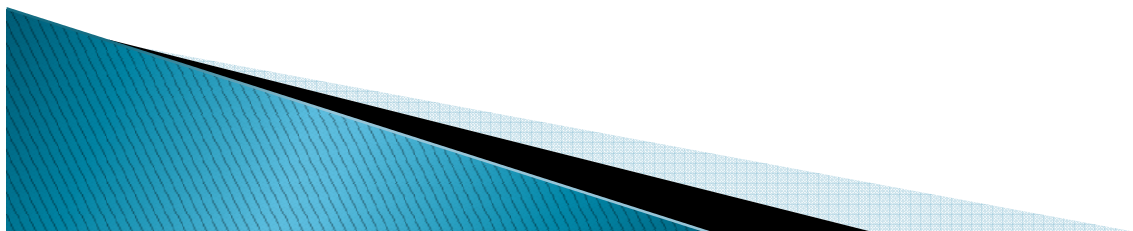

# Sustainable Development Treaty Implementation Series

- ▶ First in a Cambridge University Press series of books on treaty implementation for sustainable development.
- ▶ Examines key legal aspects of implementing the Cartagena Protocol on Biosafety at national and international levels.
- ▶ Provides a serious contribution to current debates by discussing key legal issues that affect the design of national and international law on biosafety, and analysing recent progress on of domestic regulatory regimes.
- ▶ Examines legal, political, economic, and practical challenges and solutions encountered in efforts to develop and implement domestic regulations, with a focus on developing countries.

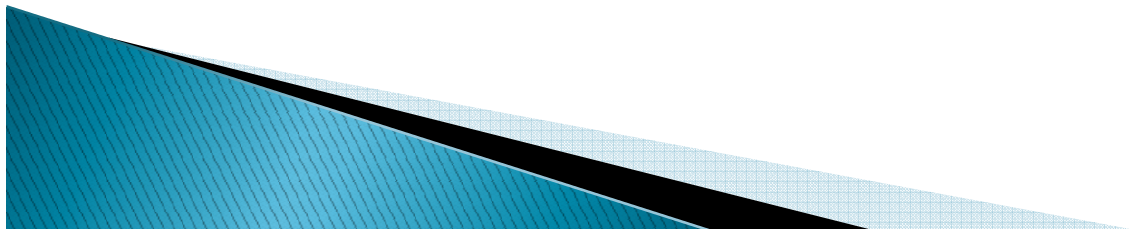

# Part I: Essentials of Biosafety and Sustainable Development Law

1. **Biosafety, the Cartagena Protocol, and Sustainable Development**
  - Kathryn Garforth, Worku Yifru, Mai Fujii
2. **Implementing Sustainable Development through National Biosafety Frameworks**
  - Christine Frison, Sylvestre-Jose-Tidiane Manga, Marie-Claire Cordonier Segger
3. **Crafting National Biosafety Regulatory Systems**
  - Gregory Jaffe

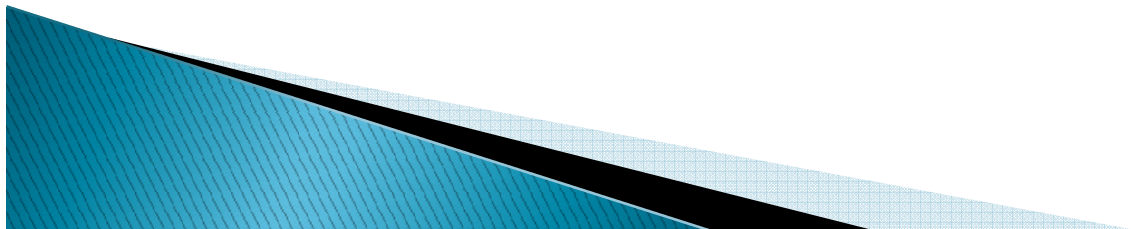

# Part II: Sustainable Development Law and Policy on Biosafety

4. Risk Assessment and Risk Management
  - Ryan Hill
5. The Decision-Making Procedures of the Protocol
  - Worku Yifru, Mai Fujii, Kathryn Garforth
6. Handling, Transport, Packaging and Identification
  - Thomas Redick
7. The Importance of Public Participation
  - Christine Toczeck Skarlatakis and Julian Kinderlerer

# Part II: Sustainable Development Law and Policy on Biosafety

8. The Biosafety Clearing-House and Sustainable Development Law
  - Frederic Perron-Welch
9. Use of the Biosafety Clearing House in Practise
  - Tomme Young
10. Socioeconomics, Biosafety, and Sustainable Development
  - Frederic Perron-Welch

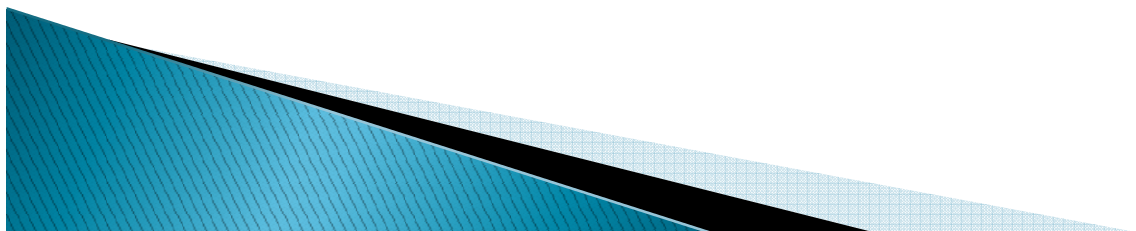

# Part II: Sustainable Development Law and Policy on Biosafety

## 11. The Compliance Mechanism of the Cartagena Protocol on Biosafety

- Veit Koester

## 12. Biosafety, Liability, and Sustainable Development

- Frederic Perron–Welch and Olivier Rukundo

# Part III: National Implementation of Biosafety Regulatory Aspects

## 13. Legislative Options for National Implementation

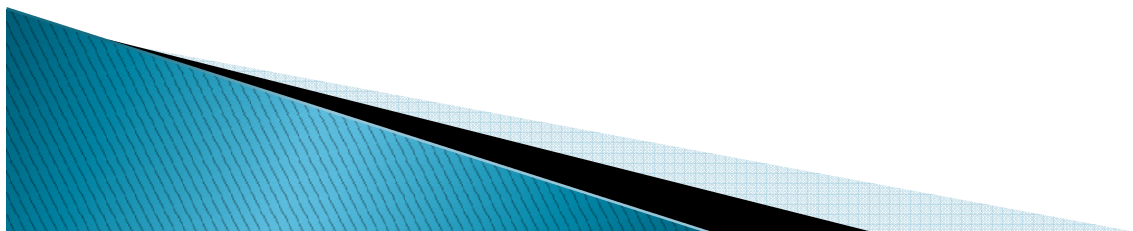

- Tomme Young

## 14. National Biosafety Regulatory Systems in Central and Eastern Europe

- David Duthie and Liina Eek

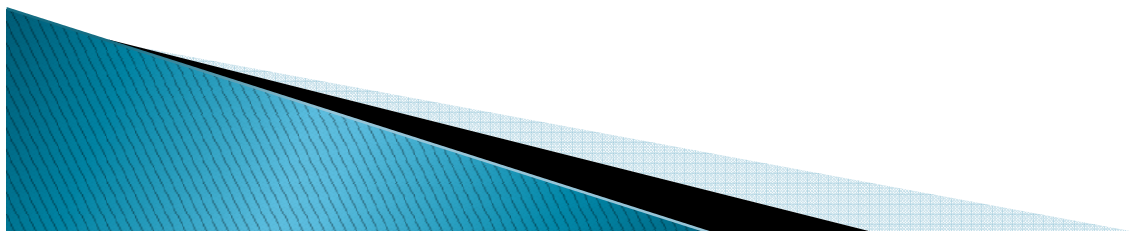

## 15. Implementing the Cartagena Protocol in West Africa: National and Regional Activities

- Gregory Jaffe and Papa Meissa Dieng

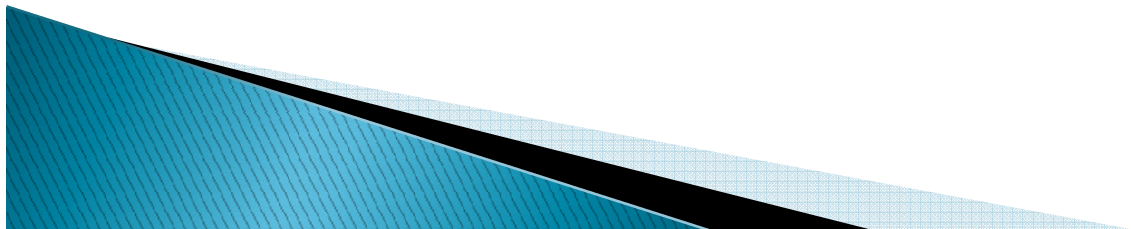

# Part III: National Implementation of Biosafety Regulatory Aspects

- 16. Comparative Analysis of the National Biosafety Regulatory Systems in East Africa
  - Gregory Jaffe
- 17. The National Biosafety Regulatory Systems in Asian and Near East Countries
  - Nizar Mohamed
- 18. The Regulatory and Institutional Biosafety Systems in the Americas
  - Jorge Cabrera Medaglia

# Part III: National Implementation of Biosafety Regulatory Aspects

- 19. National Experiences with Legislative Implementation of the Protocol
  - Tomme Young
- 20. The Costa Rican Legal Framework on Agricultural Genetically Modified Organisms
  - Jorge Cabrera Medaglia
- 21. Innovations in Biosafety Law in New Zealand
  - Frederic Perron-Welch

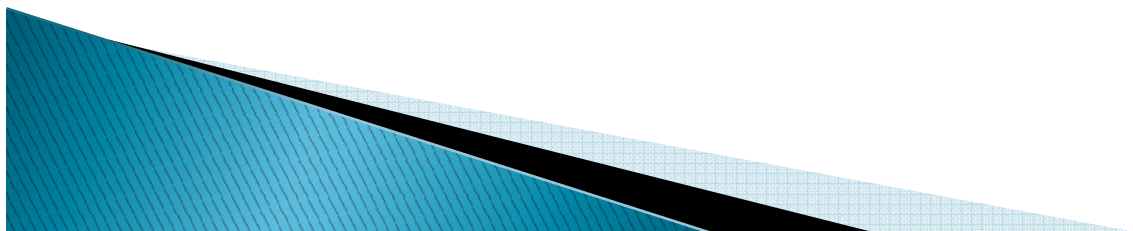

# Part III: National Implementation of Biosafety Regulatory Aspects

## 22. Liability and Redress in Canadian Case Law: Hoffman v. Monsanto Canada Inc.

- Kathryn Garforth and Paige Ainslie

## 23. The Use of GMOs in Chile and the Protection of Indigenous Culture

- Konstantia Koutouki and Paula Honorato Marin

# Part IV: Global Policy Trends in Biosafety

## 24. Sustainable Development, Biosafety, and International Law

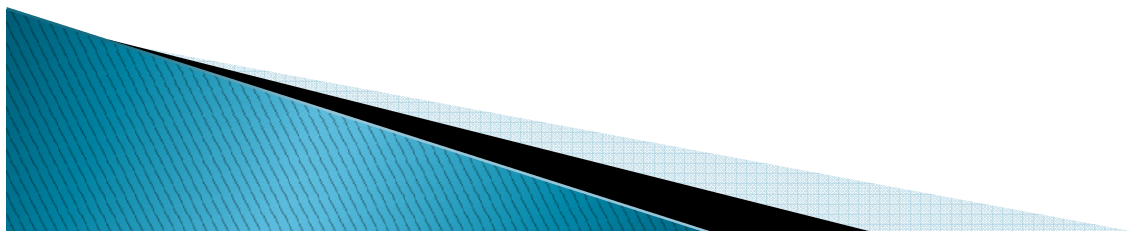

- Frederic Perron–Welch, Marie–Claire Cordonier Segger, Christine Frison, and Jorge Cabrera Medaglia

## 25. Trade and Investment Implications of Implementing the Cartagena Protocol

- Marie–Claire Cordonier Segger and Markus Gehring

## 26. The Cartagena Protocol and the Regulation of Genetically Modified Food Aid

- Martin Endicott
