| 7  | A.5. Capacity-building activities (i)                       | Canada suggests that Parties might wish to consider the dissemination of existing training materials (e.g. those developed by OECD)        |
| 9  | Goal A.7.   | Canada suggests Parties might wish to consider adding the wording: <b>“and seek to develop practical approaches that facilitate trade”</b> |

|   |   |  |
|---|---|--|
| 9 | A.8.<br>Objectives and<br>Indicators (all ) | <p>Canada suggests Parties might consider it helpful to use wording that reflects the scope of the Protocol, e.g.:</p> <p>“A.8.1. Parties have adopted the necessary measures to <del>require</del> <b>fulfil the requirements of the Protocol</b> that LMOs subject to transboundary movement are handled, packaged and transported under conditions of safety, taking into consideration relevant international rules and standards</p> <p>A.8.2. Parties have measures in place to fulfil the documentation requirements <b>under the Protocol</b> for LMOs intended for direct use as food or feed, or for processing; LMOs destined for contained use; LMOs for intentional introduction into the environment and other LMOs</p> <p>(a) Percentage of Parties that have <del>adopted the necessary</del> <b>put in place</b> measures to <del>require that LMOs subject to transboundary movement are handled, packaged and transported</del> <b>for the handling, packaging and transport of LMOs subject to transboundary movement</b> under conditions of safety, taking into consideration relevant international standards and rules</p> |
